

LUXE CANTILEVER™

INTRODUCING THE LUXE CANTILEVER™

A groundbreaking addition to our lineup, redefining the limits of a pergola with its gravity-defying, 2-post levitating design.

Never before has there been a cantilever pergola with a high end look, at an affordable price-point. Until now.

Versatility in Design: Whether you're after a cantilever pergola or a cantilever carport, The Luxe Cantilever™ has a sleek, versatile design that can be positioned unobtrusively along a boundary, creating a sense of luxury and openness, a shady sanctuary without poles to walk into or obstruct your view. This makes it the perfect solution for by the pool, carports, smaller spaces or anywhere two posts are better than the traditional four post design.

Expert engineering for stability and ease of installation: The Luxe Cantilever™ pergola or carport has been expertly engineered (tested and certified!) to provide the benefits of a floating pergola without compromising on stability, so you can confidently say goodbye to those two pesky pillars in the way. The Luxe Cantilever™ pergola is engineered for easy installation, ensuring a seamless and hassle-free process from start to finish.

Specifications:

Ceiling length max 6.0m (can be customised to suit)

Ceiling width max 3.9m (can be customised to suit)

Height 3.0m overall (can be customised to suit)

Engineered powder-coated steel frame bolted to or set into concrete piers.

Certified, engineered and wind tested.

WHY THE LUXE CANTILEVER™?

Space Maximization:

With only two support poles, the Luxe Cantilever™ maximizes your outdoor space, creating an uncluttered and visually spacious environment.

Architectural Innovation:

Embrace a modern architectural statement that goes beyond the ordinary, turning your outdoor space into a conversation piece and a true extension of your home.

Uninterrupted Views:

Revel in uninterrupted panoramic views with the absence of traditional support poles, allowing you to connect with the surrounding landscape effortlessly.

Easy Maintenance:

Our design is so strong you can walk on the roof to clean and maintain your Luxe Cantilever™. All materials used have an easy wipe down surface.

Exceptional durability:

Our roofing panels are hail proof ensuring your Luxe Cantilever™ looks great for years to come.

ENHANCE YOUR LUXE CANTILEVER™

Downlights, Spotlights & Dimmers:

Illuminate your outdoor haven with precision by incorporating customisable downlights, spotlights, and dimmers into The Luxe Cantilever™. Whether you desire a soft ambient glow for relaxed evenings or focused illumination for specific areas, these enhancements allow you to set the perfect mood. With the flexibility of dimmers, you have full control over the brightness, creating an inviting atmosphere tailored to every occasion.

Ceiling Fans:

Maximize comfort under The Luxe Cantilever™ with the addition of ceiling fans. Experience a gentle breeze that not only enhances air circulation but also adds a refreshing touch to warm days. Seamlessly integrated into the pergola's design, these fans provide an efficient cooling solution while contributing to the overall aesthetic appeal of your outdoor space.

Coastal Environments:

Engineered to withstand the challenges of coastal environments, The Luxe Cantilever™ offers an optional Versiclad Magnaflow technology. This advanced feature ensures durability and resilience against harsh coastal elements. Embrace the beauty of coastal living without compromising on the longevity and performance of your Cantilever.
